FEBRUARY 2022

We bring you the latest trends in the UK's housing market with a detailed focus on our local market.

## National housing market trends

## House prices

At 11.2% the Nationwide report annual property price growth in the year to January represents the strongest start to a year since 2005. Average prices rose 0.8% between December and January.

## Economy

The ONS report the UK economy surpassed pre-Covid levels for the first time in November. However, growth is liable to have slowed in December due to the spread of the Omicron variant and the introduction of Plan B measures.

## Transactions

An estimated 1.49 million sales took place over 2021, making it the busiest housing market since 2007. Over 100,000 property sales took place in December 2021, except for 2020, the busiest December market since 2015 (HMRC).
